

KNIT NEWBORN BABY HAT

This teeny tiny newborn hat is made with soft acrylic yarn and size 7 knitting needles. It is a great beginner's baby knitting project because it is relatively easy but also requires the use of a few more complicated techniques that beginners should learn, such as decreasing stitches. The yarn used in the pictured hat is Bernat Softee Baby yarn in Lemon, but any light or medium weight soft acrylic yarn would do.

Since these hats will be donated and not made for a specific boy or girl, neutral colors, such as beige white, mint, yellow, etc. are suggested. A few pink or blue are alright, but the majority of hats need to be the suggested colors.
